Policy Statement

To comply with legislation when either applying or maintaining the Child Care Subsidy (CCS) a CCS Governance Policy is required. Our policy covers: evidence ensuring ongoing compliance with Education and Care National Law and Regulations, Family Assistance Law, Australian Taxation laws, Australian Securities and Investment Commission (ASIC) and the Australian Government's guidelines provided in the Child Care Provider Handbook (2024). Our financial integrity is transparent as we provide information about our organisation size and structure, decision making processes, employment procedures, fit and proper check's operational structure, financial viability and risk management.

Purpose

Our Service aims to comply with the Child Care Subsidy legislative requirements associated with operating a fee reduction service for eligible families. We understand the Department of Education and Training (the department's) approach to maintaining the financial integrity of all childcare funding. Our service has a genuine commitment to meet our obligations to maintain financial integrity and have effective compliance systems in place to ensure childcare funding we receive is

administered appropriately. We will continuously examine our business and service model to identify opportunities to cater to the needs of our families and community. (Child Care Financial Integrity Strategy, 2019)

Scope

This policy applies to children, families, staff, management, and visitors of the Service.

Approved provider details

To claim Child Care Subsidy to pass onto families as a fee reduction, our Service must be approved by a delegate of the Secretary of the Department of Education by showing the required evidence and information to ensure ongoing compliance with the Family Assistance Law. Our Service will ensure all reporting requirements for claiming and administering CCS payments will be maintained. These include the requirement for the provider to undertake fit and proper checks on all relevant key personnel (Persons with Management or Control) and ensuring background checks have been undertaken for relevant key personnel.

The approved provider will ensure the service is approved under the Education and Care Services National Law and maintains Provider and Service Approval, including meeting requirements of the National Quality Framework. Our Service will continue to meet the conditions for Child Care Subsidy approval as outlined within the Childcare Provider Handbook.

Early Education and Care Services must undertake background checks of:

- each person who has management or control of the provider
- each person who has responsibility for the day-to-day operation of the service

Organisational structure diagram (decision-making hierarchy)

Financial objectives

Our primary target is to increase enrolment and maintain 100% occupancy and consistently review our waitlist management procedures.

To achieve the above result, we routinely utilise the following strategies:

- Provide excellent care and programs to children
- Identify promotions that are unique in each area
- Keep updated information on the social media platform
- Keep updated information on websites
- Provide families with updated information about current promotions and about their children

To maintain a competitive position within our marketplace, fees are reviewed annually, and all associated functions are governed by our Payment of Fees Policy. This includes management of fee increases, the collection of a Bond, collection of late fees, absences, and public holidays.

Non-compliance risk management

To ensure our continued commercial, operational, and financial viability our Service will maintain a current Quality Improvement Plan (QIP), Professional Development and Training Plan, Personnel files, Professional Indemnity and Public Liability Insurance and a Child Care Management System. We understand our obligations to comply with requirements for the governance and financial administration of payments of childcare funding and continually monitor and evaluate our service's financial viability.
